IWMC 2021: Tabletop Booking has started

Hamburg, 15th July 2020. The 20th International Water Mist Conference will take place in Warsaw, Poland, on 21st and 22nd April 2021. Organizer is the International Water Mist Association (IWMA). Venue is the Regent Warsaw Hotel. The tabletop booking for the exhibition, which will run alongside the conference, has now started. Bettina McDowell, IWMA general manager, explains: “We want all attendees to get the most of this event and therefore offer a knowledge exchange platform, the opportunity to network and an exhibition to actually look at and ask questions about water mist components.”

Applications for speaker slots will be accepted until 30th October 2020.

Another important deadline is 30th December 2020. Until that day, young researchers who have dedicated their master thesis to water mist can submit a summary to the IWMA Scientific Council.

Bettina McDowell, IWMA General Manager, says: “The Call for Papers, the abstract template as well as the sponsorship application forms (tabletop booking forms) can all be downloaded from the IWMA webpage or obtained from the IWMA head office in Hamburg”.
