

IWMC – less than a month to go ...

Basically all is set. The programme has been completed and the list of attendees is continually growing. If you have not registered so far but would like to join the IWMA for its annual conference on water mist just go to the IWMA webpage (www.iwma.net) which will guide you to the conference homepage where you can register.

Look out for this building ...

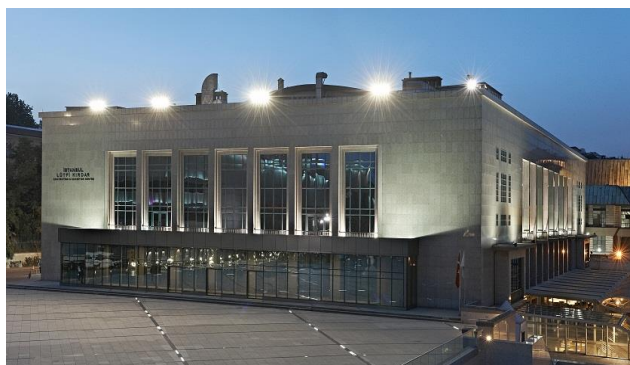

This year the International Water Mist Conference (IWMC) will take place at the Lütif Kırdar ICEC in the heart of Istanbul (see picture above). All those who are interested in applications only – for example to get a first idea of where water mist can be applied – can register for the first day (Applications Day) only.

The members of the board are looking forward to meeting you all in Istanbul!

This year's IWMC

The new IWMA homepage is online! Thus all news and details about the IWMC can be retrieved online. Just go to www.iwma.net and visit the event section. There you will find the access to the conference homepage.

On the conference homepage you can register and view the programme. You will find the programme there and you can view the attendee list to see who else will be coming! You are still looking for a hotel? – Visit the conference homepage! You are not sure how to get from the airport to the city centre? – Visit the conference homepage!

The Lütfi Kırdar ICEC by night ...

Also if you are a sponsoring company you will find all information about how and when to ship your goods to the conference venue.

If you have further questions, please contact the IWMA headquarter in Hamburg.

This year's sponsors of the IWMA are:

- Aquasys
- Danfoss Semco
- Fipe
- Fogtec
- Marioff
- Novenco
- RG Systems
- Tyco
- VID Fire-Kill

The new IWMA homepage!

Since 24th July the new IWMA homepage has been online! It has been completely restructured and there will be lots more to it than before. However, not all the work has been done and it will still take a while until all sections will be visible and filled with valuable information. And also some sections will need a revision ...

So far there are the following sections:

- "About us"
- "Publications"
- "Committees"
- "Membership" and
- "Contact"

Later on there will be at least two more sections on "Applications", "Guidelines" and "Approvals".

The work on these sections will be done by the Marketing Group, the Scientific Council and also by the IWMA members. The first two sections will be visible for IWMA members as well as non-members.

iwma.net

... go and have a look yourselves!

Now with the new IWMA homepage there will also be a section for members only. Members of the IWMA will find content such as the archive for the internal newsletters, the agenda for the member meeting, a list with relevant events worldwide on fire protection, fire-fighting and related subjects and "Approvals".

Seminars in Germany and Sweden

The IWMA board of directors has decided to organize two seminars in the second half of 2014 in Germany and Sweden.

The German Seminar will be held in German and addresses interested parties from Germany but also from Austria and Switzerland. Munich is the venue to keep all traveling distances short and as equal as possible. The date is 4th November, the venue is the Best Western Hotel Cristal in the city centre of Munich.

The second seminar will be held at the University of Lund in the South of Sweden. The IWMA board of directors expect delegates from all over Scandinavia to attend this event on "Fire Protection with Water Mist". The Date for this seminar is 20th November. The Language will be Swedish.

Both seminars will start at approximately 9:00 a.m. and will finish at about 4:00 p.m. There will be several lectures on the technology itself, guidelines, case studies. A discussion will end the two days.

The programmes are available on the IWMA homepage. Just visit the event section!
