

PRESS INFORMATION

Programme for the 22nd International Water Mist Conference has been released

Hamburg, 1st August 2023. The 22nd International Water Mist Conference will take place in Copenhagen, Denmark, on 11th and 12th October 2023. Conference venue will be the Copenhagen Marriott Hotel. An exhibition will run alongside the conference. Organizer of the event is – as always – the International Water Mist Association (IWMA).

As of today, the programme, which features a manifoldness of topics, can be viewed on the IWMA webpage under www.iwma.net/iwmc.

The presentations that deal with systems in practice will be held on day one (which can be booked separately). The second day of the conference will mainly be dedicated to research and testing and will also include the presentation of the winner of this year's IWMA Young Talent Award.

In all, the programme includes twelve presentations and a panel discussion on "Water Mist Systems – simple or (too) complex?". The speakers and panelists come from countries such Chile, The Netherland, Poland and Germany. The abstracts are available on the IWMA webpage under publications / conference papers.

The early bird period will end on 15th August. The registration tool will be closed on 6th October at noon (CEST).
